SUGGESTIONS:

- Crocheting was good. But it's a very hard you need patience. And those 4-5 days are not enough to learn it. At least for the basics we need training for a week. Over all it was good
- Please give training make a certificate course for 2 months. It will be more useful for us
- Certificate course is nice
- I have learnt a little from these.
- Use full course
- It would be good if the classes were continuously conducted because when we miss the classes in between days it's tough to restart it.
- I learn about drawing and these techniques
- I gain a lot of practice from this course but I need to learn much more and earn money
- Continuous class
- Their teaching was good
- It is very useful to me i am eager to learn more about it
- I would like to learn more courses
- They teach only very basic things; they didn't teach how to finish it or how make money from that. We expect more. We can't do nothing from that.
- Need a deep knowledge in the abovementioned course. And must include projects for better
- The course has been conducted for only a few days and so we can't acquire a clear knowledge about the course. And also we were unable to select the desired course because only a few were admitted into a course so we are pushed to select a certain course. i felt it
- Better to offer more certificate course
- It is really useful and look forward to it for income
- It is very useful to us to study the basic cooking
- Please continue this course I want to gain my knowledge more
- Would be Great to know more yarn source for crochet
- More scope for the course
- Certificate courses was very useful for us
