DIPLOMA IN COMPUTER APPLICATION

INFINISOL TECHNOLOGY PVT LTD

DCA Get a Diploma course in Computer Applications

DIPLOMA IN COMPUTER APPLICATION [DCA]: WHAT IS IT ABOUT?

Diploma in Computer Applications is a one 12 months diploma route to find out about laptop purposes in depth. Two The route imparts scientific, realistic and technical information to its experienced persons about a number of computer equipment that is used in day to day life. The functions make tasks simpler and provide ease of use.

A pc programmer or operator is in high demand in all sectors of the market. They are used at retail outlets to create a database for all the objects with their serial numbers, price and volume rates. At schools, laptop operators are required to sit down in the back of the desk and control the laptop database for the school, listing of all the students, their details, charge payment, enrolment details and all other things to do of college students are recorded in the computer. An environment friendly computer operator is wanted to manage such large data. In offices, pc operator takes care of the back door working and maintains employee's facts on the computer. The advantages of pc are many and an efficient computer technician is required to facilitate pc tasks. That is why DCA degree used to be created as it imparts know how related to computer systems in a brief length of time. Another benefit is that absolutely everyone is eligible to find out about this diploma course. After completing DCA you can have a number of career possibilities and all sectors are open to you.

BENIFITS OF DCA:

In a short duration of time, students get the basic and advance knowledge of computer applications and also learn what is relevant to the current industry in a short period of time. Nowadays there is a huge demand for the students who are experts in computer application softwares, so this course is a complete package to be competitive in the market. As we know salary is the most attractive feature of the job for the applicant so, after doing this short term diploma in computer application students get jobs with a good salary package.

Why do we need English ?

- Three out of ten people in the world know English and use it as their medium of expression.
- 50% of the world's scientific and technical magazines/ news papers are in English
- English is the medium of instruction in the technical, medical and law fields.
- It is the language of communication between the Union Government and the State Governments
- English is the language of the High Courts and the Supreme Court.
- 38% of Doctors in USA, 36% of Scientists in NASA, 34% of employees in Microsoft, 28% of employees in IBM, and 17% of scientist in INTEL are all Indians.
- More than 1.2 crore students, graduates & working professionals appear for various exams, competitive exams and recruitment exams every year.
- More than 10 crore people in India have access to internet.
- Nearly Rs.3000 crores are spend by the youth for the entrance examinations of the seven IIT's and the top 20 Management schools of India.
- There is a hidden treasure in the above data. We will unlock the treasure trove by converting India's huge human population into human force to produce the best professionals, scholars and innovators.

lexeta The name

LEXETA is an acronym. "LEX" from lexicon. Lexicon means dictionary. "E" from English "T" from training and "A" from academy. Hence LEXETA is LEXICON ENGLISH TRAINING ACADEMY the logo denotes "L" and "E" i.e. LEXETA ENGLISH. It denotes a burning fire to learn English
