Eco Club Action report – (2023-24)

Coordinator: Dr. A. Punitha Members: Dr. Celine Papa Rani, Dr. Vincy Kala

Month	Action plan	Action taken	Impact
July	Inauguration of Miyawaki Forest- Crossian's Amazon	Organized	The new forest will have lots of different plants and animals, which is good for nature.
August	Clean the plastic paper in college campus	Organized	Cleaning up plastic paper on a college campus is important for keeping the environment clean.
Every month second week of Wednesday	Electrical shut down	Organized	Reduced electricity usage during shutdowns can lead to temporary reductions in carbon emissions and energy consumption, benefiting the environment.
September	Conference on climate change	Organized	People learn more about climate change and its effects.
September	Indoor plant competition	Organized	Indoor plants clean the air we breathe, making it healthier for everyone around
October	Talk on Terrace garden	Organized	It educates people about the benefits of terrace gardening, including how to grow their own food, conserve water, and promote biodiversity.
October	Terrace garden in Thollavillai village	Organized	Villagers can grow their own fruits and veggies, ensuring access to healthy, fresh produce.
December	Demonstration on vermicomposting	Organized	Students learn how to turn kitchen scraps into nutrient-rich compost with worms.
December	Demonstration on vermicomposting and pit making in Thollavillai village	Organized	Villagers learn how to turn kitchen scraps into nutrient-rich compost with worms.
December	Car and Two wheeler pooling day	Organized	Sharing rides means fewer emissions from vehicles, which helps keep the air cleaner and healthier to breathe.
December	Terrace garden and kitchen	Organized	Villagers can grow their own

NAAC V Cycle Self Study Report (SSR)

	garden in Soorankudi village		fruits and veggies, ensuring access to healthy, fresh produce.
December	Demonstration on vermicomposting and pit making in Sorankudi Village	Organized	Villagers learn how to turn kitchen scraps into nutrient-rich compost with worms.
January	Distribution of vermicompost	Organized	Vermicomposting reduces the amount of food waste that goes into landfills, helping the environment.
January	Tree plantation (At student's residence)	Organized	Students can learn about nature and environmental conservation by planting and caring for trees.
January	Tree plantation Anantham nager to Asaripallam	Organized	Trees provide shade, making the area cooler and more comfortable for everyone.
January	Seed ball preparation-Hands on training	Organized	Students learn how to make seed balls, which helps plants grow in areas that need more greenery.
January	Biopesticide preparation-Hands on training	Organized	Learning to make biopesticides offers a safer, more natural way to control pests without harmful chemicals.
January	Plastic awareness and cleaning program in Thollavillai village	Organized	Villagers learn about the harms of plastic pollution, leading to cleaner streets and a tidier village.
February	Shuttle free day	Organized	Using less shuttles means less pollution, making the air we breathe cleaner and healthier.
February	Photography Competition	Organized	Students learn about the beauty and importance of nature while researching and filming their videos.
February	Terrace garden and kitchen garden in Kurusady village	Organized	Villagers can grow their own fruits and veggies, ensuring access to healthy, fresh produce.
February	Demonstration on vermicomposting and pit making in Sorankudi Village	Organized	Villagers learn how to turn kitchen scraps into nutrient-rich compost with worms.
February	Parthenium eradication	Organized	Removing parthenium helps native plants and animals thrive, improving the balance of nature.

NAAC V Cycle Self Study Report (SSR)

February	competition – Importance of millets.	Organized	Millets are packed with good stuff like vitamins and fiber, which keeps people strong and healthy.
March	River cleaning day- Awareness on save to water	Organized	Clean rivers mean happier plants and animals, keeping our environment healthy.
March	Palm and Prosperity – Planting palm trees	Organized	Palm trees help prevent soil erosion and promote biodiversity by providing habitat for wildlife.
March	Hands on training on Horticulture	Organized	Students learn about how to grow plants in a way that's good for the environment, like using less water and not harming wildlife.
March	Pencil sketch competition - "Save Earth"	Organized	The competition encourages people to use their pencils to draw pictures about saving the Earth.
March	Terrace garden and kitchen garden in Karthigai vadali village	Organized	Villagers can grow their own fruits and veggies, ensuring access to healthy, fresh produce.
March	Demonstration on vermicomposting and pit making in Karthigai Vadali Village	Organized	Villagers learn how to turn kitchen scraps into nutrient-rich compost with worms.
March	World planting day- Seed balls plantation	Organized	By planting seed balls, more plants can grow, which means more greenery and cleaner air for everyone.
April	Cleaning	Organized	Proper cleaning practices prevent pollution and protect natural habitats, preserving ecosystems and biodiversity.

2022-2023

Holy Cross College (Autonomous), Nagercoil-4

Eco Club Action report – (2022-23)

1. **Coordinator:** Dr. A. Punitha **Members:** Dr. J. Albino Wins (Dept. of Botany), Dr. Delma (Dept. of Chemistry) and Mrs. Chrystal Jani (Dept. of English)

Month	Action plan	Action taken	Impact
August	Talk on Eco protection.	Organized	It provides valuable information about how individuals can make a positive impact through simple actions like recycling or reducing energy consumption.
Every month second week of Wednesday	Electrical shut down	Organized	Reduced electricity usage during shutdowns can lead to temporary reductions in carbon emissions and energy consumption, benefiting the environment.
September	Campus cleaning	Organized	Proper cleaning practices prevent pollution and protect natural habitats, preserving ecosystems and biodiversity.
September	Pencil sketch competition - "Save Earth"	Dropped	-
October	Talk on Terrace garden	Organized	It educates people about the benefits of terrace gardening, including how to grow their own food, conserve water, and promote biodiversity.
October	Indoor plant competition	Organized	Indoor plants clean the air we breathe, making it healthier for everyone around.
October	Talk on say no to plastics	Organized	People discover eco-friendly alternatives to plastic, like using reusable bags and bottles, which can help reduce waste.
November	Photography Competition		Students learn about the beauty and importance of nature while researching and filming their videos.
January	Demonstration on vermicomposting	Organized	Students learn how to turn kitchen scraps into nutrient-rich compost with worms.
January	Plant donation in Thollavillai Village	Organized	More plants mean better air quality, as they absorb pollutants and release oxygen, creating a healthier living

2021-2022

Holy Cross College (Autonomous), Nagercoil-4

Eco Club Action report – (2021-22)

Coordinator: Dr. A. Punitha Members: Ms. Deva Vijila, Dr. J. Albino Wins and Dr. Gnana Muhila

Month	Action plan	Action taken	Impact
November	Vegetable Roof Garden	Organized	It educates people about the benefits of terrace gardening, including how to grow their own food, conserve water, and promote biodiversity.
January	State Level Webinar on E-waste Management	Organized	By attending the webinar, people become more aware of the environmental and health hazards posed by improper disposal of electronic waste.
February	Demonstration on Vermicomposting	Organized	Students learn how to turn kitchen scraps into nutrient-rich compost with worms.
February	Talk on women in the eyes of the Media	Organized	The talk raises awareness about how women are portrayed in the media, highlighting stereotypes, biases, and unrealistic beauty standards.
March	Cycle Rally-75 th Independence day	Organized	By choosing cycling over motor vehicles, the rally promotes environmental conservation and reduces air pollution, contributing to a cleaner and greener environment.
April	Used Pens Collection Drive	Organized	The drive helps reduce waste by collecting used pens that would otherwise end up in landfills, promoting environmental sustainability.
April	Shuttle Free Day	Organized	People discover eco-friendly alternatives to plastic, like using reusable bags and bottles, which can help reduce waste.

2020-2021

Holy Cross College (Autonomous), Nagercoil-4

Eco Club Action report – (2020-21)

Coordinator: Dr. A. Punitha Members: J. Albino Wins and Ms. Deva Vijila, Dr. J. Albino Wins

Month	Action plan	Action taken	Impact
April	Essay Competition- Covid 19 pandemic; Impact on Indian Life, Environment and Economy.	Organized	Brief overview of the Covid-19 pandemic and its emergence in India.
May	Awareness Quiz on International Day of Biological Diversity	Organized	Participants become more aware of the significance of biodiversity conservation efforts and the threats facing our planet's diverse ecosystems.
June	World Environmental Day- Quiz	Organized	Participating in the quiz makes people more aware of World Environment Day and its importance.
August	Verse Writing- EIA 2020 DRAFT	Organized	Sharing environmental poetry can bring together people who share concerns about the EIA draft, fostering a sense of unity and collaboration in protecting the environment.
September	Verse Writing- EIA 2020 DRAFT	Organized	Sharing environmental poetry can bring together people who share concerns about the EIA draft, fostering a sense of unity and collaboration in protecting the environment.
September	Photography Contest and Pencil Drawing- Nature at My Door Step Beauty of Nature in Black and White.	Organized	Students learn about the beauty and importance of nature while researching and filming their videos.
September	Photography Contest and Pencil Drawing- Nature at My Door Step Beauty of Nature in Black and White	Organized	Students learn about the beauty and importance of nature while researching and filming their videos.

NAAC V Cycle Self Study Report (SSR)

October	Poster Making Competition- "Save Trees, Save Life"	Organized	People learn about why trees are important for life on Earth.
February	Talk of "Save our Environment"	Organized	The talk helps people learn about why the environment is important and what threats it faces.

C. P. S.

NAAC V Cycle Self Study Report (SSR)

2019-2020

Holy Cross College (Autonomous), Nagercoil-4

Eco Club Action report – (2019-20)

Coordinator: Mrs. J. Albino Wins (Dept. of Botany) and Dr. P.T. Arokya Glory (Dept. of Zoology)

Members: Dr. M.F. Anne Feril, Dr. A.R. Florence, Ms. R. Suji and Ms. R.N. Rajalekshmi

Month	Action plan	Action taken	Impact
June	Garden cleaning	Organized	Keeps plants healthier by removing debris.
July	Tree planting	Organized	Trees help clean the air, prevent soil erosion, and support wildlife.
July	Orientation on Eco club activities	Organized	Orientation on eco club activities raises awareness about environmental issues, such as pollution, climate change, and conservation.
July	Talk on Air pollutants	Organized	A talk on air pollutants can raise awareness about the sources, types, and health effects of air pollution, empowering individuals to make informed decisions.
August	Talk on Climate Change and Global Warming	Organized	They teach about how human actions affect the environment.
August	Talk on Non-temporary changes on land use	Organized	Talks help people understand permanent changes to land, like cities growing or forests shrinking.
September	Demonstration on Vermi wash	Organized	Vermi wash helps gardens without using harmful chemicals, promoting a greener environment.
September	World Ozone Day	Organized	World Ozone Day reminds us why the ozone layer is important and how we can protect it.
September	Demonstration and Exhibition of Jute products	Organized	Demonstrations promote using jute instead of materials that harm the environment, like plastic.
October	Plastic Eradication Awareness Campaign [Swachhata	Organized	The campaign raises awareness about the harmful effects of plastic pollution on the environment and human health.

NAAC V Cycle Self Study Report (SSR)

	Hi Seva (SHS)]		
October	Talk on nature the Goddess	Organized	Learning about nature's divine qualities may motivate people to protect it and keep it healthy.
December	Motivational talk on Eco friendly products	Organized	Motivational talks raise awareness about eco-friendly products and their benefits for the environment.
January	Campus cleaning	Organized	Proper cleaning practices prevent pollution and protect natural habitats, preserving ecosystems and biodiversity.
January	Motivational talk on Eco-protection	Organized	Talks make people more aware of why it's important to protect the environment.
January	International Conference on Eco-Entrepreneurship	Organized	The conference teaches people about starting businesses that are good for the environment.
January	Talk on Eco friendly products for everyday life	Organized	The talk raises awareness about eco-friendly products and their benefits for the environment.
February	Raising awareness about plastic usage and encouraging widespread action	Organized	Talking about plastic usage helps people understand why it's a problem for the environment.
February	UP-Scaled entrepreneurship skill development program	Organized	The program gives people the skills to start successful businesses, helping them earn money and improve their lives.
February	Talk on Hydroponics	Organized	The talk teaches people about hydroponics, a method of growing plants without soil, introducing them to a new and innovative gardening technique.
March	Campus cleaning	Organized	Proper cleaning practices prevent pollution and protect natural habitats, preserving ecosystems and biodiversity.
