The College is administered by the Congregation of the Sisters of the Cross of Chauvallon, France. One of the key thrust areas of the college is to bring about the empowerment of women. In being raised to an autonomous status in 2007-2008, the college continues its mission of building a harmonious society by nurturing globally competent young women through a holistic approach with innovative skills. The college is home to nine research centers and is widely acclaimed for its unique discipline and scintillating academic and research performance.</p> <p><b>Crossian Research Forum (CRF)</b> The CRF provides a platform for researchers to articulate their research ideas and present their findings to academia. Launched in 2008, the CRF aims to produce and promote research among the faculty, scholars and students. The multi-disciplinary biannual journal "Crossian Resonance" is an initiative by the CRF to disseminate research findings. In addition to the journal, conferences/workshops are organized annually to keep all stakeholders abreast of the current trends in research.</p>	<p><b>About the Workshop</b> Research is an efficient tool to enhance knowledge and build credibility. Every research paper undertakes a journey from submission to print. Scholarly publishing enhances the visibility of the manuscript. In today's world, where the number of fake and predatory journals is on the rise, it becomes crucial to sensitize the researchers about the choices they make for publishing their research outputs/findings. The Crossian Research Forum, through this workshop, seeks to create awareness of the current trends in scholarly publishing. The workshop mainly aims to enable researchers to identify reliable target journals and encourages the research scholars and faculty to publish more and more research articles in indexed and Open Access Journals by comprehending the nuances involved in identifying reputed Journals.</p> <p><b>Registration Fee</b></p> <table border="0"> <tr> <td>Faculty</td> <td>: Rs. 250/-</td> </tr> <tr> <td>Research Scholars:</td> <td>Rs. 100/-</td> </tr> </table> <ul style="list-style-type: none"> <li>◆ Lunch and refreshment will be provided.</li> <li>◆ No T.A.D.A will be provided to the participants.</li> <li>◆ Confirm your participation on or before 25<sup>th</sup> September 2022.</li> </ul>	Faculty	: Rs. 250/-	Research Scholars:	Rs. 100/-

### AIM AND SCOPE

Crossian Resonance, the biannual, multi-disciplinary peer-reviewed and refereed national journal launched in June 2010, strives to reach research scholars from all directions and various cross-sections of society providing a platform to resonate scientific finding. It aims to foster the spirit and aspirations of the academics and to promote a research culture among the erudite. The sustainability and success of the research journey is a step ahead in the 50<sup>th</sup> milestone of our institution playing a strategic role and nurturing the fruitful service of quality and need-based education.

The journal has provided an opportunity and space to the Crossian scholars, Professors and research guides of our institution and other institutions at national and international levels. This little, yet, vibrant reverberation of intellectual sharing will definitely generate new knowledge and ignite and unleash power to re-search within the visionary researchers.

Crossian Resonance strives to keep up the standard from the first issue and all the papers published in this issue were assessed by competent referee editors and were recommended for publication. This journal is committed to the development and regeneration of the nation with the scope of providing an open and common platform to launch a united vision and empowerment of innovative knowledge.

May this endeavour grow and remain evergreen like an olive tree to create renewed awareness, dimensional consciousness and enlightenment.

**AIM AND SCOPE**

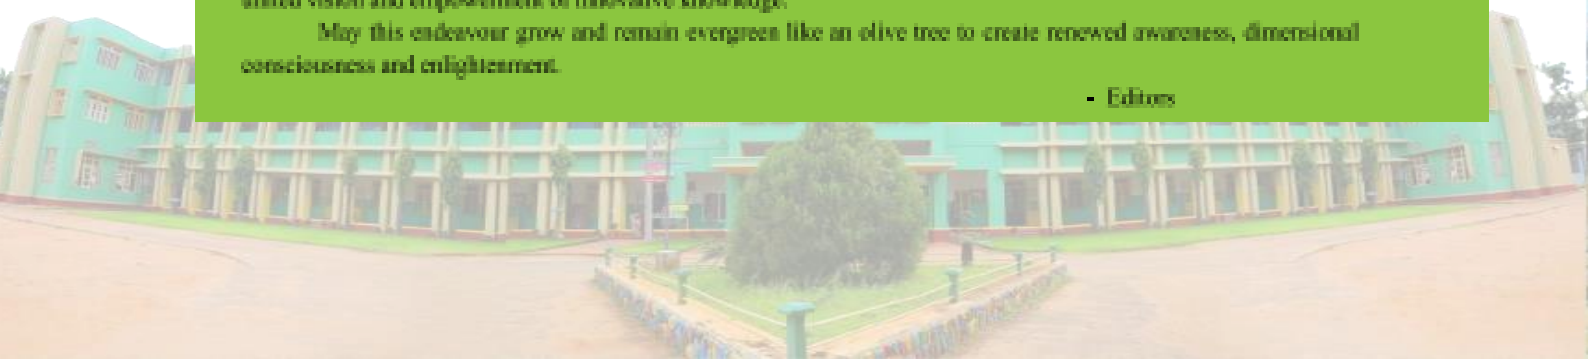

*Crossin Resonance*, the biannual, multidisciplinary peer-reviewed and refereed national journal launched in June 2010, strives to reach research scholars from all directions and various cross-sections of society providing a platform to resonate scientific finding. It aims to foster the spirit and aspirations of the academics and to promote a research culture among the erudite. The sustainability and success of the research journey is a step ahead in the 50<sup>th</sup> milestone of our institution playing a strategic role and nurturing the fruitful service of quality and need-based education.

The journal has provided an opportunity and space to the *Crossin* scholars, Professors and research guides of our institution and other institutions at national and international levels. This little, yet, vibrant reverberation of intellectual sharing will definitely generate new knowledge and ignite and unleash power to re-search within the visionary researchers.

*Crossin Resonance* strives to keep up the standard from the first issue and all the papers published in this issue were assessed by competent referee editors and were recommended for publication. This journal is committed to the development and regeneration of the nation with the scope of providing an open and common platform to launch a united vision and empowerment of innovative knowledge.

May this endeavour grow and remain evergreen like an olive tree to create renewed awareness, dimensional consciousness and enlightenment.
